11th May 2020

Dear Parents/Carers,

On Sunday evening, the Prime Minister, in his address to the nation, indicated that the government believes it **may** be in a position to implement a phased re-opening of schools from 1st June. This phased re-opening would start with pupils in Reception, Year One and Year Six. This is part of the government's conditional plan, which it says will remain under regular review.

Please be advised that we received this information at the same time as the nation. Following this announcement, we are expecting to receive further guidance and clarification from the Department for Education in the next few days about what this will mean for our school.

We will notify you as soon as this guidance has been released and our arrangements and plans are confirmed. This is so that we can keep pupils, staff and all our families safe by adopting a sensible, well-planned approach to measures announced.

It is important to stress that for the next three weeks at least, arrangements in school remain unchanged – **School remains closed, providing care only for children of key workers and those identified under vulnerable categories**. Home learning will continue for all other children and work will continue to be provided via the class pages on the school website/Facebook.

Thank you for your continued support during this challenging time for us all.

Yours faithfully,

Anita Timson
Head Teacher
