Priors Hardwick parish	We have set up an email group using a proprietary mail list management tool (groups.io), to allow individual people to ask for and to offer specific support during the COVID-19 crisis, due to isolation and/or distancing measures. We invited everyone on our existing general-purpose village info email list to join, and have posted details on our village website www.priorshardwick.org.uk .	Stratford-on-Avon District	Priors Hardwick parish area	no		We decided on email rather than a social network approach (messenger, whatsapp) in order to try to cut down on chit-chat and other noise. Also the email approach allows for individual replies to the sender rather than sharing everything with everyone in the group whereby questions and answers can get lost in the whole timeline.

Welcombe Radio	A group of our presenters are looking to broadcast all day every Friday providing information about the support that organisations, community groups, and others are providing to help with the response to COVID-19, for example, Public Health, Warwickshire, Emma Bond at the Stratford Hospital and Wendy Sherwood from Alcester Town Council's Well-being Department are already involved with regular shows. Our Friday show volunteers will be able to do phone interviews with such organisations and individuals to promote what they are doing to help. Obviously the programmes that go out at other times will also promote the help that is being offered, the Friday programmes will however be specifically aimed at who's doing what to help overcome the impact of COVID-19. Lapworth Parish Council	As we prepare for a longer-term response to the Coronavirus issue, Lapworth Parish Council is having conversations with the Doctors Surgery and local organisations such as the Lapworth Charity to understand how we can support people in need across the Parish. To create a community-based system, we need volunteers to come forward who are willing and able to help. Roles might include 'back-office support' such as taking calls or logging information requests. Other roles might include 'community outreach' such as picking up essential groceries, or supplies or making phone calls to those feeling lonely after a period of self-isolation.
