Dear parents and carers,

It gives us the greatest of pleasure to share the final Ofsted inspection report with you all.

We are delighted to report that we were graded the following;

Overall effectiveness	GOOD
The quality of education	GOOD
Behaviour and attitudes	GOOD
Personal development	GOOD
Leadership and management	GOOD
Early Years provision	GOOD

The staff team and the governing body have worked hard to focus on the areas for development from the previous inspection, in March 2019. The hard work has paid off and we feel we rightly deserve the recognition of being a GOOD school.

I urge you to read the full report, which is brief but glowing with positivity.

Highlights from the report include the phrases...

"The school has a warm and welcoming atmosphere. Leaders and staff have created a safe environment, where pupils can thrive."

"Leaders and staff have high expectations. They want pupils to fulfil their potential."

"Pupils get on well with each other and respect adults. They behave well around the school and in lessons."

"Parents appreciate how leaders and staff make them feel welcome. They value the inclusive ethos of the school."

We will continue to work hard and act on the report's recommendations to keep developing and improving the school even further.

Yours sincerely,
Anita Timson
Headteacher

Alex Thomson
Chair of Governors
