Thank you for your recent donation to Casa Reom Trust:

£62.13 for Casa Reom

This money will be used to support the ongoing work of the Casa Reom project in Beira, Mozambique.

As well as Casa Reom being a home for 18 boys who have no family to look after them, the Escola Reom school provides education for 800 children from the poorest families in the Inhamizua area.

650 of these school children are girls, because the school specifically encourages young girls to complete their education, which can be a particular issue in Mozambique. Casa Reom continues to be a pioneer in education.

Thank you for your partnership with us in this work!

Iain Slater

(Casa Reom Trust Secretary)
