Comments from parents/carers

1	anonymous	Incredible school and staff, so much outside of standard learning for the kids to do.
2	anonymous	My children very much enjoy going to school and are proud to belong to the school community.
3	anonymous	N/A
4	anonymous	Very friendly school with lovely staffs.
5	anonymous	The staff are brilliant and go above and beyond you help you
6	anonymous	SMB staff and teachers go above and beyond to support the children and parents. Both children have progressed academically and become very confident within themselves.
7	anonymous	Absolutely nothing negative to mention. After having an older child go to alternative school. I feel sad that I didn't send him to St Matthews Bloxam. This school has exceeded my expectations and my child is thriving. Thank you
8	anonymous	The school is amazing the support you get as a family if there is anything going on outside school is amazing. I love how the teachers actually care about the student's wellbeing not just about their academic achievements All staff are 100% approachable for anything and everything. My daughter is extremely happy here and we will be sad when it's time for her to leave
9	anonymous	The support for children's mental health and well-being is exceptional. My child feels incredibly safe and supported at school.
10	anonymous	The school does not have sufficient after-school clubs like gymnastics, music, etc. to stimulate the children outside of school work. Multi-sports that covers only soccer is not enough
11	anonymous	My Child loves going to school. It is wonderful to see a happy child going to school I am very satisfied with the

		school. The people working at the school are really always helpful. Every day I have information about the child, what she did, etc. My child receives great care there. The teachers who take care of my child They are amazing. I also see the progress that my child is making, thanks to the hard work of people taking care of my child. The ladies who take care of the child give so much support and love and approach each child individually with their needs. Thank you so much for everything.
12	anonymous	It's a lovely and friendly school. My children have all loved this school.
13	anonymous	Generally we are very happy with the school and the way my child is progressing. One thing I have to mention at this point is about any form of education associated with LGBT. At this age I don't think children should be educated about this subject.
14	anonymous	A fabulous school, with an incredible range of personal development activities for both my children. The opportunities within the school day and the guest speakers they have had is incredible - an effort to organise but the impact for both my children has been amazing. In their eyes, learning is very much everywhere and about anything in their eyes - so incredible planning on the teachers' behalf to ensure they develop a love of learning - thank you.
15	anonymous	we have problems with uniform clothes (even with gloves, hats, personal things) that children lose at school and are never found again, not even in the box of lost property, parents who find them at home with their children should return them schools, when they see that those things do not belong to them
16	anonymous	The staff in the school are all lovely my child loves her time at school
17	anonymous	Thank you for all the support given to our son. Some of the slightly lower scores above are not a negative reflection of the school, but rather a mixture of how our son feels about school due to his autism (his high levels of anxiety around change and his in built low self-worth) and how we feel the education system as a whole let's down SEND children; with the need to jump through many hoops and the time that process takes, to get additional support. We thank all the staff for their hard work, the support given to our family and for the ethos of the school in accepting and celebrating everyone for who they are and encouraging them to be the best person they can be. Our son has made huge progress since joining SMB and the staff should be very proud of the values and knowledge they inspire in the children they teach.

18	anonymous	School staff always very friendly and polite. Just would like to see more after clubs like cooking, dancing or outdoor
19	anonymous	It would be great to see more support & challenge for high performing students. Plus musical instrument lessons would be fantastic.

Additional Comments from SEND parents/carers

I'm very happy about this school is amazing.

My child is so settled at his school that he no longer needs extra support. But he also knows that if he does need extra help to understand something that he can always ask. They have little things in place to help him concentrate and parents evening is always positive and informative. We are very happy that he enjoys going to school.
