

13th – 17th October

Welcome to our home school communication! Each week you will get an overview of the class learning and will be set some home tasks too. From this week, the children will have spellings, which will be tested on a **Friday**, a maths activity and reading. Home school communication books should be returned to school on a **Wednesday**.

Please go to our class page on the school website - <https://www.st-matthewsbloxam.co.uk/> There are lots of photographs showcasing all our amazing work.

Please find below the summary of our week in school.		
English	This week, the glue sticks in our classroom quit! They were fed up of being left lidless and drying up and they were getting headaches from being overused. They left us a letter saying they had quit and were going to go to Year 6! Luckily, Year 2 wrote some fantastic letters persuading them to come back and they returned by the end of the week. That concludes our work on the day the crayons quit, next week we will make links between similar texts.	
Maths	We have been adding two digit numbers to one digit numbers, adding numbers by making 10 and adding 3 one digit numbers together this week. Next week, we will continue to learn about addition and subtraction.	
Science	This week, we investigated the effect that exercise has on our bodies and how moving our bodies can help to keep us happy, healthy and strong. Next week, we will find out about the importance of hygiene.
