

Week beginning 2.10.2023

Please find below the summary of our week in school.		
English	In the coming weeks we will continue with book 'The Bee Who Spoke'. The children have written their predictions of what will happen in the story. They have also written the description of a setting using adjectives.	
Maths	We have finished learning place value within 10. Next week we will be starting addition and subtractions within 10. We have also been learning to order objects and numbers, the number line, and completed the end of place value assessment.	
Science	We have continued learning all about the four seasons and what happens in each one. The children have been on an Autumn hunt and have completed a tick list of things they have spotted while on the hunt.	
Geography	Our theme is 'how does the weather affect our lives'? The children have been finding out, how can Antarctica be a desert when it's the coldest place on Earth? We have explored being a desert is clearly not linked to how hot a place is but how much rain a place receives. The children have looked at the similarities and the differences between the Sahara Desert and the Antarctica.	
In the Year 1 class provision	We have really enjoyed role-playing in our home corner, drawing, and reading stories in our book area.	
Remember, to keep reading every day!		Please record reading here:
<u>Home Learning</u>		
<u>Diary Dates –</u>		

Many thanks from Year 1 team.
