R.E

All around school, classes are starting to prepare for Easter in their RE lessons. All classes are planning to retell the Easter story and some classes have been completing some really nice work in preparation. In year 5, the children have been researching Easter in different countries around the world to investigate and compare how religion changes, dependent on time and place. They produced some lovely reports to persuade teachers which country they should visit for Easter! In year 2, the children have looked at which symbols are used to represent Easter and have drawn these to create their own Easter egg designs. I am looking forward to seeing what other classes are doing next week to learn about this time of year.

MOBILE PHONES IN SCHOOL

Can we please ask that pupils only bring their mobile phones into school if they are walking to or from school on their own. All phones must be handed into the school office

Thank you

ATTENDANCE

Our whole school attendance target is **95%**

This week's whole school attendance is **95.9%**

School starts at **8.50am**, arriving after this time may affect your child's attendance mark.

Can we ask that if your child is not well enough to attend school that we have a **specific reason** and **not 'unwell'** as we need to state a reason in the attendance records.

Please can medical appointments be made for after school.

We also require proof of appointments that are made during school time.

Please follow the attached links for useful information

Positivity

"Every day may not be good, but there is something good in every day." - Alice Morse Earle.

Positivity means focusing on the good things in life, even when things get tough. It's about thinking and acting in a way that makes you feel happy and hopeful. Being positive can help you feel better, solve problems, and have a more joyful life.

Our tips for practising positivity:

- **Focus on the good** – Look for the positive in every situation. Every day, there is always something positive.
- **Use positive words** – Try saying things like "I can do this" or "I'll keep trying and I will get there".
- **Be kind to yourself** – Don't be too hard on yourself. Try to remind yourself that you are trying your best. Celebrate any small successes!
- **Practise gratitude** – Think about three things that you are thankful for each day. It could be something as simple as a sunny day or a friend saying something nice to you.
- **Spend time with positive people.**
- **Find something you enjoy** – Whether it is a hobby, sport, quality time with friends and family, or watching your favourite TV programme, doing something you love can bring you joy.
- **Try using positive affirmations** – Tell yourself one positive thing every day, like "I am enough" or "I am trying my best".
- **Help others** – Helping someone else, even in a small way, can make you feel good about yourself too.
- **Keep a positive journal** – Write down things that you are proud of or moments that made you smile.

Positivity makes a big difference!

When you practise positivity, you start seeing the world in a brighter way. You can face challenges with confidence and believe in yourself.

Positivity is also contagious — when you're positive, you inspire others to be positive too!

In Coventry and Warwickshire, for any urgent mental health concerns, contact the RISE Crisis Helpline available 24/7, by calling NHS 111. Alternatively, call 999 or visit A&E in an emergency, for example if medical attention is required.

MHST are available to support you and your school throughout the school year including term time and school holidays.

Please contact your school's Mental Health Lead for information and advice.

School Attendance

Every day counts...

Good attendance helps with...

Academic Achievement

Regular attendance helps children keep up with the curriculum and perform better academically.

Social Skills

Attending school regularly helps children develop friendships, social skills and learning how to interact with others.

Routine & Responsibility

Good attendance teaches the importance of commitment, routine, and responsibility, which are all valuable life skills.

Focus & Engagement

Children who attend school regularly are more likely to stay engaged in their learning and develop a positive attitude towards education.

Building Confidence

Regular attendance can boost a child's self-esteem and confidence, as they see their progress and achievements over time.

Enhanced Learning Opportunities

School provides not just academic instruction, but also extra-curricular activities and enrichment opportunities.

Having 90% over 5 school years, is half a school year's work missed!

Did you know there are...

- 365 Days in a Year
- 190 School Days
- 175 Non School Days

Silly School Education

Eat Well, move *More*

Swap sugary drinks for water or milk.

Check portion sizes and give children **smaller** plates.

Make exercise fun with **active** games.

Walk, cycle or scoot for short journeys.

Your child's vaccine schedule

* first dose, **second dose, *** third dose

6-in-1 protects against diphtheria, tetanus, whooping cough, polio, Hib and hepatitis B

4-in-1 protects against diphtheria, tetanus, whooping cough and polio

**Follow your child's vaccine schedule
to protect them against illnesses**

**Stick this
timeline up as a
useful reminder**

- Childhood illnesses like measles and whooping cough are rising
- These illnesses can make children very sick, leading to hospital stays or lifelong problems
- If your child is not vaccinated, they are not protected
- It's important that vaccines are given on time for the best protection. Some need booster doses later too
- Check your child's red book or speak to your GP practice to see if they have missed any
- You can still catch up on most missed vaccines
- All the childhood vaccinations are free. As children grow up, they will be offered more vaccine appointments, right up until they are teenagers. Some vaccines are offered at school
- Vaccinations offered by the NHS are thoroughly tested to assess how safe and effective they are. All medicines can cause side effects, but vaccines are among the very safest.
- Research from around the world shows that immunisation is the safest way to protect our children's health

Are your child's vaccines up to date?
Book now at their GP practice
