YEAR 6

We have had a fantastic start to the year in year 6. From writing persuasive letters to apply to become a prefect to looking at how classification is used in science to identify different species of living things, all the class has been ready to take part! Alongside our classroom learning, we have been outside to the outdoor areas of school to think about how we could design equipment for all the school to enjoy. On Monday, we had our first swim session of the year and it was clear how much they enjoy these sessions.

Diary Dates

Monday 15th September

Year 6 Swimming

Year 2 & 4 Rugby Museum
workshops in school

Tuesday 16th
September

Severn Trent assembly &
Year 4 workshop

Thursday 18th

Football After School Club

3:20pm – 4.20pm

It was wonderful to welcome back our Open the Book team this week. These are a group of volunteers from St Oswald's Church who perform a play about a Bible story every fortnight to the pupils. This week we had the story of 'Joseph the Dreamer'.

The school has strong links with St Oswald's Church. Further details are available from www.smsso.org.uk

SCHOOL UNIFORM

Can we please ask that ALL uniform is named.

Can we ask that pupils arrive at school suitably dressed for the weather conditions.

Please ensure your child has a jumper/cardigan and a coat when the weather is cold and wet.

Thank you

NEW BOOKS FOR SCHOOL!

This week, last years school council representatives have been incredibly excited to receive their delivery of books that have been brought from the money raised at the sponsored run a few months back. They raised in total £1200 to buy new books for our classroom libraries which has, in total, brought approximately 200 books! We first of all had the excitement of unboxing the books and then they were sorted into books for each class and delivered and showcased by school council members. This was such an exciting morning, so thank you to school council as well as all pupils and parents/carers of the school for your contributions, without them, this would not have been possible!

Thank you

Miss Blackaby

YEAR 6 PARENTS/CARERS

APPLYING FOR A SECONDARY SCHOOL PLACE

The application process is now open to submit your application for their secondary school place.

The deadline to apply for a secondary school place is **31 October 2025**

If you miss this deadline, you are much less likely to get offered a place at a preferred school because you will be allocated a place after everyone who applied on time.

This deadline applies to all families, even if your child is sitting the 11+ exam. You still need to submit an application for your chosen secondary schools.

Please visit <https://www.warwickshire.gov.uk/applying-secondary-school-place> for more guidance on how to submit your application by the **31st October deadline**.

ATTENDANCE

Our whole school attendance target is **95%**

This week's whole school attendance is **96.6%**

School starts at **8.50am**, arriving after this time may affect your child's attendance mark.

Can we ask that if your child is not well enough to attend school that we have a **specific reason** and **not 'unwell'** as we need to state a reason in the attendance records.

Please can medical appointments be made for after school.

We also require proof of appointments that are made during school time.

Please follow the attached links for useful information

Mental Health in Schools Team Tips For Wellness

Mind and Body

Just as we look after our physical health, it's important to look after our mental health. In fact, the two are closely connected!

Most of us will know what it's like to feel worried, stressed or low from time to time. We might be affected by our relationships with friends and classmates or things we see on the news, and we might feel worried about school or our home lives (this is understandable!) Recognising how our mind health and physical health work together can keep us mentally healthy.

Our Tips for looking after your Mind and Body:

To ensure a healthy mind and body, why not try some of the activities below? Can you choose one from each category?

1. **Physical**- healthy eating with plenty of water, time away from technology and get fresh air where you can, regular exercise every day (e.g., walk to school or get off the bus a stop earlier, dance, or stretch), a consistent sleep schedule (children aged 6-12 years should aim for 9-12 hours sleep per night, adolescents should aim for 8-10 hours).
2. **Social**- spend quality time with friends and family, connect with others in person (as well as online), join a club or community group, reach out to others and don't be afraid to ask for help or offer support.
3. **Practical**- keep a daily routine to create structure and stability, use checklists to act as reminders and to hold yourself accountable, get ready for the day each morning, set yourself small and achievable goals to stay motivated.
4. **Emotional**- develop supportive friendships, write down three good things from your day, take time to do something relaxing every day, practise self-kindness (e.g., treat yourself how you would treat a friend!)

Scan the QR code for more ideas around keeping a healthy mind and body.

#ThanksKids recognises the efforts and kindness of children and young people, and thanks them with personalised #NHSSStars certificates. If you know a child or young person that deserves recognition for going above and beyond, don't wait, nominate! thankskids@covwarkpt.nhs.uk.

MHST are available to support you and your school throughout the school year including term time and school holidays.

Please contact your school's Mental Health Lead for information and advice.

Your child's vaccine schedule

* first dose, **second dose, *** third dose

6-in-1 protects against diphtheria, tetanus, whooping cough, polio, Hib and hepatitis B

4-in-1 protects against diphtheria, tetanus, whooping cough and polio

**Follow your child's vaccine schedule
to protect them against illnesses**

**Stick this
timeline up as a
useful reminder**

School Attendance

Every day counts...

Good attendance helps with...

Academic Achievement

Regular attendance helps children keep up with the curriculum and perform better academically.

Social Skills

Attending school regularly helps children develop friendships, social skills and learning how to interact with others.

Routine & Responsibility

Good attendance teaches the importance of commitment, routine, and responsibility, which are all valuable life skills.

Focus & Engagement

Children who attend school regularly are more likely to stay engaged in their learning and develop a positive attitude towards education.

Building Confidence

Regular attendance can boost a child's self-esteem and confidence, as they see their progress and achievements over time.

Enhanced Learning Opportunities

School provides not just academic instruction, but also extra-curricular activities and enrichment opportunities.

Having 90% over 5 school years, is half a school year's work missed!

Did you know there are...

- 365 Days in a Year
- 190 School Days
- 175 Non School Days

Silly School Education

Eat Well, move *More*

Swap sugary drinks for water or milk.

Check portion sizes and give children smaller plates.

Make exercise fun with active games.

Walk, cycle or scoot for short journeys.

- Childhood illnesses like measles and whooping cough are rising
- These illnesses can make children very sick, leading to hospital stays or lifelong problems
- If your child is not vaccinated, they are not protected
- It's important that vaccines are given on time for the best protection. Some need booster doses later too
- Check your child's red book or speak to your GP practice to see if they have missed any
- You can still catch up on most missed vaccines
- All the childhood vaccinations are free. As children grow up, they will be offered more vaccine appointments, right up until they are teenagers. Some vaccines are offered at school
- Vaccinations offered by the NHS are thoroughly tested to assess how safe and effective they are. All medicines can cause side effects, but vaccines are among the very safest.
- Research from around the world shows that immunisation is the safest way to protect our children's health

Are your child's vaccines up to date?
